

- 27 HEATING**
- 27.01 Heating subjects of all types
  - 27.02 Floor and ceiling heating
  - 27.03 Changers of heat
  - 27.04 Heat suppliers
  - 27.05 Warmers of hot and supply water
  - 27.06 Expending facilities and additional sets
  - 27.07 Pressure vessels (condensation and feeding tanks)
  - 27.08 Thermo-condensers
  - 27.09 Emitter
  - 27.10 Heat pumps
  - 27.11 Heating sets with unusual energy sources - solar, geothermal, wind and small water power plants
  - 27.12 Other heating
  - 27.13 Boiler room facilities
  - 27.14 Hot-air gas generators

- 28 MEASURING, REGULATION, MANAGING**
- 28.01 Regulation elements
  - 28.02 Thermoregulation
  - 28.03 Automatized and automatic regulation systems - electric, electronic, pneumatic and others
  - 28.04 Registrational and control systems
  - 28.05 Regulation of consumption of power, gass, heat and water
  - 28.06 Measuring of consumption of power, gass, heat and water
  - 28.07 Pressure measuring
  - 28.08 Utilization of PCs by regulation and managing
  - 28.09 Other measuring, regulation and managing

- 29 DISTRIBUTION SYSTEMS**
- 29.01 Distribution of water - copper, plastic and steel
  - 29.02 Canalization distribution cast-iron, plastic
  - 29.03 Distribution of gass - copper, steel, suppliers
  - 29.04 Warm-water, hot- water and steam distributions - steel, copper, plastic
  - 29.05 Compact interchange stations
  - 29.06 Pumps of all types
  - 29.07 Ductless constructions of heat nets
  - 29.08 Finishing department for technical usage
  - 29.09 Finishing department of drinkable water and warm supply water
  - 29.10 Expansional vessels, complementary venting sets
  - 29.11 Other distributions
  - 29.12 Small domestic sewage treatment plants
  - 29.13 Industrial sewage treatment plants
  - 29.14 Warning foils for marking underground mains
  - 29.15. Excavation-free pipe repair
  - 29.16 Pipeline filters
  - 29.17 Prefabricated systems, distributors and fixing technology
  - 29.18 Equipment for rain water utilization, sprinkler equipment
  - 29.19 Pipe cleanup

- 30 ARMATURES**
- 30.01 Water-supply armatures for buildings and properties
  - 30.02 Armatures for related departments
  - 30.03 Canalization armatures
  - 30.04 Gass armatures
  - 30.05 Armatures for water heating and warming
  - 30.06 Armatures for anti-fire technique
  - 30.07 Armatures for annealing technique
  - 30.08 Special armatures
  - 30.09 Drain systems
  - 30.10. Fire-proof fittings

- 30.11 Sealing bags for pipelines
  - 30.12. Fittings – other
- 31 PRIMARY SOURCES OF ENERGY**
- 31.01 Fuel solid, gass, liquid
  - 31.02 Transport of fuel
  - 31.03 Renewable sources of energy
  - 31.04 Fuel production
  - 31.05 Fuel and energy distribution and sale
  - 31.06 Production of energy and heat including transportation
  - 31.07 Municipal waste and exhaust-gas incineration plants

- 32 ASSEMBLY**
- 32.01 Assembly of distribution
  - 32.02 Assembly of heating facilities
  - 32.03 Assembling and service of regulating devices
  - 32.04. Machinery and equipment for pipe laying
  - 32.05 Isolation of pipe-lines, armatures and facilities
  - 32.06 Accessories for assembly
  - 32.07 Equipment and tools for assembly and services
  - 32.08 Programme equipment - software for operation
  - 32.09 Projecting, consulting for economical utilization of energy, education, financing
  - 32.10 Specialized wholesale trade
  - 32.11 Fireproof insulating materials
  - 32.12 TV monitoring of pipelines
  - 32.13 Welding machines for plastic pipes

- 33 THE BUSINESS OF ENERGY AND ENERGY SERVICE**
- 33.01 Electricity deliveries
  - 33.02 Natural gas deliveries
  - 33.03 Facilities for supporting the energy business
  - 33.04 Contractual operation of energy management
  - 33.05 Energy audit, rationalization tool
  - 33.06 Certification of companies providing energy services
- 34 BARTERING WITH EMISSIONS**

- 35 PUMPS, COMPRESSOR PUMPS, VENTILATORS**
- 35.01 Pressure pumps
  - 35.02 Circulation pumps
  - 35.03 Piston compressor pumps
  - 35.04 Turbine compressor pumps
  - 35.05 Ventilators
  - 35.06 Other pumps, compressor pumps, ventilators
- 36 AIR-CONDITIONING, VENTILATION, CLEANING, EXHAUSTION, AIR AND GASS DRYING**
- 36.01 Air-conditioning of small areas
  - 36.02 Air-conditioning of large areas
  - 36.03 Ventilation and heating of industrial objects
  - 36.04 Air exchange with recuperation of heat
  - 36.05 Humidifying, drying and dryers
  - 36.06 Special air-conditioning facilities, clean areas
  - 36.07 Distribution of air-technique and regulatory elements of volume flow
  - 36.08 Regulatory facilities for cleaning, exhaustion, drying and regulatory elements of volume flowage
  - 36.09 Distributive elements
  - 36.10 Filters, filtering substances
  - 36.11 Electrostatic air filters
  - 36.12 Flowing filtration
  - 36.13 Atmospheric filtration

- 36.14 Precipitating facilities
- 36.15 Other air-conditioning, ventilation and cleaning
- 36.16 Central Vacuum Cleaners

- 37 COOLING**
- 37.01 Cooling, freezing machines
  - 37.02 Mobil cooling facilities
  - 37.03 Cooling towers
  - 37.04 Exchangers heat-cold
  - 37.05 Accumulation of cold
  - 37.06 Automatization and regulatory technique for cooling
  - 37.07 Armatures for cooling
  - 37.08 Unusual sources of cooling energy
  - 37.09 Other cooling

- 38 ASSEMBLY, SERVICE**
- 38.01 Montage and service of distributions
  - 38.02 Montage and service of air-conditioning facilities
  - 38.03 Montage and service of cooling facilities
  - 38.04 Montage and service of regulatory technique
  - 38.05 Isolation of air-conditioning and air-technique facilities
  - 38.06 Accessories and tools for montage and service
  - 38.07 Programmed equipment of working of technical plant
  - 38.08 Projecting, consultation

- 39 SAFETY AND HEALTH PROTECTION AT WORK**
- 40 OTHER PRODUCTS AND SERVICES FROM THE AREA OF BUILDING AND ENERGETICS**

## CONECO INVEST

- 41 INVESTMENT INTENTIONS AND ENTREPRENEURIAL ACTIVITIES
- 42 FINANCIAL INSTITUTIONS, PROJECT FUNDING
- 43 DEVELOPING AND INVESTMENT COMPANIES
- 44 REAL ESTATES
- 45 CONSTRUCTION OF CITY AND BUSINESS CENTRES, ROADS, PARKING LOTS AND GARAGES
- 46 RECONSTRUCTION AND DEVELOPMENT OF TOWNS AND VILLAGES
- 47 PRODUCTION AND DISTRIBUTION OF ENERGY, GAS-FIXTURE INSTALLATION
- 48 INFRASTRUCTURE OF TOWNS AND VILLAGES
- 49 URBAN GREENNESS AND GARDEN ARCHITECTURE
- 50 ILLUMINATION OF COMMUNICATIONS AND OBJECTS
- 51 EQUIPMENT TO KEEP TOWNS AND VILLAGES CLEAN
- 52 WASTES, THEIR DISPOSAL AND RECOVERY OF RAW MATERIAL
- 53 INDUSTRIAL ECOLOGY – INDUSTRIAL CLEANING, MEANS AND TECHNOLOGIES
- 54 WATERWORKS, DUCTS, SEWERAGE, IRRIGATION AND MELIORATION SYSTEMS
- 55 DAMS, TANKS, WATER-COURSE CONDITIONING AND PROTECTION AGAINST FLOODS
- 56 CONSULTANCY, INFORMATION TECHNOLOGIES, PROFESSIONAL LITERATURE, ADVERTISING SERVICES

## COMMODITY STRUCTURE CONECO

- 1 BUILDING SERVICES**
- 1.01 Establishments, organizations, institutions
  - 1.02 Advisory services
  - 1.03 Financial services in building
    - 1.03.01 Granting of credits
    - 1.03.02 Building savings
    - 1.03.03 Insurance of property
  - 1.04 Real-estate activities and executive of fixed assets
  - 1.05 Education, schools
  - 1.06 Professional literature, magazines, publishing companies
  - 1.07 Science, research, technical development
  - 1.08 International cooperation in the area of science, research, technical development
  - 1.09 Patents, licences
  - 1.10 Experts, advisers
  - 1.11 Other building services

- 2 ARCHITECTURE, TOWN PLANNING, DESIGN**
- 2.01 Territorial planning
  - 2.02 Ecologization of construction
  - 2.03 Architectural design of buildings
  - 2.04 Design of interiors
  - 2.05 Industrial design
  - 2.06 Typization of structures
  - 2.07 Protection of historical buildings, reconstructions

- 3 ENGINEERING - DESIGN SERVICES, PROJECT MANAGING, BUILDING ACTIVITIES**
- 3.01 Cartographical activities
  - 3.02 Geodetical activities
  - 3.03 Engineering geological research
  - 3.04 Design activities
  - 3.05 Cost estimation, price lists
  - 3.06 Engineering project
  - 3.07 Managing
  - 3.08 Building activities

- 4 COMPUTER TECHNOLOGY, INFORMATION SYSTEMS**
- 4.01 Hardware for building CAD systems
  - 4.02 Economy application software for building
  - 4.03 Software for project managing
  - 4.04 Software for technical calculations
  - 4.05 CAD systems
  - 4.06 Graphical information systems
  - 4.07 Other computer technology in building industry standardisation, laboratory testing
  - 4.08 Software for building CAD systems

- 5 STANDARDISATION, LABORATORY TESTING, CERTIFICATION, METROLOGY**
- 5.01 Slovak technical standards
  - 5.02 European standards
  - 5.03 Standardisation institutions
  - 5.04 Test laboratoring in building industry
  - 5.05 Certification in building industry
  - 5.06 Measuring in building industry

- 6 GAGES FOR CONSTRUCTING**
- 6.01 Geodetical equipment
  - 6.02 Equipment for detection of chemical properties of building materials and products
  - 6.03 Gages for detection of physical properties of building

- 6.04 Gages for production and processing building components and materials
- 6.05 Other measuring gages

- 7 REALIZATION OF BUILDINGS**
- 7.01 Family houses
  - 7.02 Flat construction
  - 7.03 Cottages
  - 7.04 Container systems
  - 7.05 Industrial constructions
  - 7.06 Citizen constructions
  - 7.07 Transport constructions
  - 7.08 Engineering constructions
  - 7.09 Towers, chimnies
  - 7.10 Other building objects

- 8 BUILDING TECHNOLOGIES AND CRAFTS**
- 8.01 Preparation of constructions
  - 8.02 Surface operations and establishment
  - 8.03 Concreting operations
  - 8.04 Locksmith's and blacksmith's operations
  - 8.05 Timsmith's operations
  - 8.06 Installation operations
  - 8.07 Carpenter's and construction joinery operations
  - 8.08 Shingling operations
  - 8.09 Turnstoneing operations
  - 8.10 Assembling operations
  - 8.11 Insulation operations
  - 8.12 Surfacing operations
  - 8.13 Sanation operations
  - 8.14 Additional heating of buildings
  - 8.15 Draining operations
  - 8.16 Reconstructions, adaptations of building objects
  - 8.17 Operations in heights
  - 8.18 Reconstructions, reparations and sidesticking of chimnies
  - 8.19 Other building technologies and crafts
  - 8.20 Pipe reconstruction and repair

- 9 BUILDING MATERIALS AND PRODUCTS**
- 9.01 Sands
  - 9.02 Natural and artificial aggregate
  - 9.03 Lime, lime hydrate
  - 9.04 Cements
  - 9.05 Plasters
  - 9.06 Concretes stiffeners for concretes
  - 9.07 Mortars, mortar mixtures, coats
  - 9.08 Muds and clays
  - 9.09 Bricklaying materials
    - 9.09.0 Calcined setting material for vertical constructions
    - 9.09.02 Calcined setting material for horizontal constructions
    - 9.09.03 Non-calcined setting material for vertical constructions
    - 9.09.04 Cellular concrete blocks
    - 9.09.05 Masonry materials - other
  - 9.10 Heatresistant materials
  - 9.11 Roof materials
    - 9.11.01 Calcined roof cladding
    - 9.11.02 Aggregated roof cladding
    - 9.11.03 Glazed ceramic roof cladding
    - 9.11.04 Concrete roof cladding
    - 9.11.05 Fiber-concrete roof cladding
    - 9.11.06 Metal roof cladding

- 9.11.07 Plastic roof cladding
- 9.11.08 Asphalt roof cladding
- 9.11.09 Other roof claddings
- 9.11.10 Roofing Constructions and Trusses
- 9.12 Roof gutters and feeders
- 9.13 Roof supplements
- 9.14 Antikorrosive metallurgical material
- 9.15 Plates, tubes, profiles and bars, metals and metal products, wires, ropes, grates
- 9.16 Pipelines and pipes included connecting parts and formables, grates to be supplemented
- 9.17 Glass and products made of glass for building
- 9.18 Laminates and polyester boards
- 9.19 Epoxide, Epoxyester, Polyurethane materials
- 9.20 Paper and paperboars for building
- 9.21 Wood and wooden semi-finished goods for building
- 9.22 Packing systems
- 9.23 Connecting, fixing, and anchoring materials and systems
- 9.24 Building products for roads and parking lots
- 9.25 Supplement of constructions, house equipment
  - 9.25.01 Meshes and nets
  - 9.25.02 Mail boxes
  - 9.25.03 Flag poles
  - 9.25.04 Drier for laundry
  - 9.25.05 Store shelves
  - 9.25.06 Decorative facade elements
  - 9.25.07 Other supplements of construcions and house equipment
- 9.25.08 Enamel, plastic and Aluminum Boards and Cards
- 9.26 Small elements of exterior and garden architecture
  - 9.26.01 Garden cottages
  - 9.26.02 Glass-houses
  - 9.26.03 Garden fireplaces, gridirons
  - 9.26.04 Constructions for playing and relaxing
  - 9.26.05 Concrete garden and architectural supplements
  - 9.26.06 Playground equipment
  - 9.26.07 Other elements
- 9.27 Floors, floor cladding and pavements
  - 9.27.01 Self-surveyor claddings
  - 9.27.02Plast floors and linoleums
  - 9.27.03 Wooden floors, parquets and friezes
  - 9.27.04 Accesories to wooden floors
  - 9.27.05 Cork floors claddings
  - 9.27.06 Textile floors claddings, carpets
  - 9.27.07 Floor systems
  - 9.27.08 Boards and cubes
  - 9.27.09 Ceramic claddings
  - 9.27.10 Marble claddings
  - 9.27.11 Concrete claddings
  - 9.27.12 Lock cladding
  - 9.27.13 Grassed pavement
  - 9.27.14 Acidproof pavement
  - 9.27.15 Brick pavement
  - 9.27.16 Terrazzo pavement
  - 9.27.17 Floor accessories
  - 9.27.18 Surfaces for sporting purposes
  - 9.27.19 Cleaning mats
  - 9.27.20 Floors, floor materials, and paving
- 9.28 Compressing materials and elements
  - 9.28.01 Ceramic veneer
  - 9.28.02 Wooden veneer
  - 9.28.03 Stone veneer
  - 9.28.04 Cork veneer

9.28.05 Plastercarton veneer	13.02 Self-closing door systems	17 INSULATION MATERIALS, PRODUCTS AND SYSTEMS	20.17 Kitchen sinks	24.01.02 Vertical sheeting	25.05.07 Road cutter
9.28.06 Wallpapers	13.03 Window shutters, blinds, jalousies, awnings	17.01 Waterproof insulating materials	20.18 Built - in wardrobes with sliding doors	24.01.03 Stepped sheeting	25.05.08 Other machines for building and upkeeping of communications and transport systems
9.28.07 Plastic compressing materials	13.04 Forging	17.01.01 Resinous insulation materials	20.19 Furnishings	24.01.04 Other sheetings	25.06 Machines and facilities for building and upkeeping of railways
9.28.08 Metal compressing materials	13.05 Security hardware and locks	17.01.02 Asphalts, asphalt lacquers, lutes, emulsions	21 WIRING	24.02.01 Shuttering for vertical constructions	25.07 Machines and facilities for construction of water flows and water storage reservoir
9.28.09 Acidproof veneers	13.06 Anti-insect nets	17.01.03 Foil insulation materials	21.01 Conductors and cables	24.02.02 Shuttering for horizontal constructions	25.08 Machines and facilities for processing of reinforcing bars
9.28.10 Feedable wall materials	13.07 Jams and doorsteps	17.01.04 Silicate insulation materials	21.02 Fixing and bearing elements	24.02.03 Shuttering of large areas	25.08.01 Straightening machines

11.04 Antifire doors	Other ingredients for protection and sanation of building materials	19.01 Hall constructional systems	23.03 Tools and utensils for shingling works	25.02.08 Truck agitator	
11.05 Soundproof doors	16.07 Plastic aggregates	19.02 Iron constructional systems	23.04 Tools and utensils for machining of wood and plastics	25.02.09 Other transport means	
11.06 Lids and small doors	16.08 Ingredients and admixtures for concrets	19.03 Wooden constructional systems	23.05 Tools and utensils for timber works	25.03 Building cranes and elevators	
11.07 Door systems	16.09 Lutes	19.04 Aluminium constructional systems	23.06 Tools and utensils for painting and colouring works	25.03.01 Tower cranes	
11.08 Partition walls	16.10 Glues	19.05 Steel and aluminium facade systems	23.07 Tools and utensils for insulation works	25.03.02 Railed cranes	
11.09 Plastic doors	16.11 Caulking substances	19.06 Other constructional systems	23.08 Tools and utensils for drilling and cutting of building materials	25.03.03 Auto-cranes	
11.10 Wooden doors	16.12 Floor coating systems	20 SANITARY ENGINEERING BUILT-IN EQUIPMENT FURNISHINGS	23.09 Tools and utensils for sharpening of building materials	25.03.04 Building elevators	
11.11 Metal doors	16.13 Roof coating systems	20.01 Wash basins, tubs	23.10 Hand tools and utensils	25.03.05 Hoisting tackles	
11.12 Other doors	16.14 Ingredients for mortars	20.02 Showers, shower nooks and cabins	23.11 Cleaning machines for floors and facades	25.03.06 Other building cranes and elevators	
11.13 Software for door production	16.15 Plastic coatings	20.03 WC, bidets, urinals	23.12 Safety appliances for works in heights	25.04 Machines and facilities for foundation engineering	
11.14 Sliding doors	16.16 Coating substances	20.04 Other sanitary ceramics	23.13 Fire prevention devices	25.04.01 Pile-drivers	
11.15 Folding partitions	16.16.01 Coating substances for wood	20.05 Swimming pools	23.14 Protecting facilities and work clothes	25.04.02 Sets for excavating of holes	
12 GATEWAYS, GATES AND FENCES	16.16.02 Coating substances for metals	20.06 Saunas	23.15 Pneumatic fixing tools aand systems	25.04.03 Sets for excavating of underground walls	
12.01 Garage gates	16.16.03 Coating substances for plastics	20.07 Solariums	23.16 Welding machines for plastics	25.04.04 Other machines and facilities for foundation engineering	
12.02 Industrial gates	16.16.04 Building coating substances including facade	20.08 Bathroom furniture	23.17 Tools - other	25.05 Machines for building and upkeeping of communications and transport systems	
12.03 Wooden gates and fences	16.16.05 Painting colours and raw materials	20.09 Sanitary armatures, battery moulds	24 SHEETING, DECKING, SCAFFOLDING	25.05.01 Machines and facilities for imbeding subgrade layers	
12.04 Metal gates and fences	16.16.06 Mordants	20.10 Flushing equipments	24.01 Sheeting	25.05.02 Aggregate ribbers	
12.05 Plastic fences	16.16.07 Removers of coatings	20.11 Hygienic systems	24.01.01 Horizontal sheeting	25.05.03 Coverers of resin grit	
12.06 Prefabricated fences and enclosures	16.16.08 Other coating substances	20.12 Mobile WC		25.05.04 Machines for transportation and putting of asphalt	
12.07 Bars	16.17 Antigraffiti paints	20.13 Equipment for the physically handicapped		25.05.05 Road rollers	
12.08 Automatic ports	16.18 Other products of building chemistry	20.14 Other sanitary equipment		25.05.06 Finishers	
12.09 Other gateways, gates and fences	16.19 Pigments	20.15 Kitchen furniture			
12.10 Industrial Fast-moving Gates		20.16 Working boards			
13 SUPPLEMENTS TO WINDOWS AND DOORS					
13.01 Mechanical blocation for windows and doors					

## RACIOENERGIA

### 26 TECHNICAL FACILITIES FOR HEAT PRODUCTION

- 26.01 Cauldrons for solid, liquid and gass fuels, electric cauldrons and cauldrons for biomass
- 26.02 Mobil cauldrons
- 26.03 Steam and gass turbines
- 26.04 Cogenerational units
- 26.05 Local heating facilities
- 26.06 Gass motors
- 26.07 Burners
- 26.08 Chemical and physical water treatment
- 26.09 Fire places and furnaces
- 26.10 Chimnies, outlets of flue-gasses
- 26.11 Other technical facilities for heat production
- 26.12 Solar collectors for water heating
