

INSTRUCTIONS FOR YOUR SAFETY

The health of our visitors, exhibitors and employees is our highest priority.

We would therefore like to inform you that the IDEA, which will take place on 25-27 August 2021, will be a very safe place for all participants.

Please pay attention to the following anti-epidemic information and instructions that will accompany IDEA:

CLEANING AND DISINFECTION

Continuous cleaning and disinfection will be provided during IDEA. Common areas, sanitary facilities, handles, all contact surfaces and high-exposure objects will be continuously disinfected.

AIR EXCHANGE

Regular air exchange in the halls as well as a high headroom clearance and powerful air conditioning will ensure the maximum clean environment.

PERSONAL PROTECTION

Equipment with hand disinfectants will be located accessible. All exhibitors and visitors must wear masks and keep distance.

RESTAURANT FACILITIES

The catering facilities (restaurant) will serve food in compliance with all hygienic measures.

TICKETS

When buying tickets on the spot, visitors will be asked to non-cash payment in order to limit cash handling and mutual hand touches.

OTHER MEASURES

In the case that the competent authorities decide on further anti-epidemic measures during the IDEB proceedings, these will be immediately applied in practice.

CONTROL

Persons showing signs of the disease will be denied to entry to the exhibition centre. All health, safety and hygiene measures will be continuously monitored by specially trained staff.
